Notice

Preparation of Quality Science Projects for National Science Day on 28.02.2026

All the students are hereby informed that, our Institution will observe **National Science Day on 28.02.2026** to promote scientific temper, innovation and creativity among students. On this occasion, a **Science Project Exhibition/Display** will be organized, showcasing innovative models, experiments and demonstrations prepared by the students under the guidance of faculty members.

All the interested students are directed to:

- Contact of your department HOD for the participation in the Science Day projects and related activities.
- Identify promising project ideas aligned with recent developments in science and technology, sustainable development, and real-life problem solving.
- Ensure preparation of good quality, well-documented projects/models with proper explanation charts, working principles and expected outcomes.
- Submit the details of your projects to your department HOD on or before 22.02.2026 for necessary arrangements.

HODs of different departments are also requested to monitor the progress of project preparation and extend all academic support so that students can present their work confidently on 28.02.2026.

Your active cooperation is essential to make the Science Day celebration meaningful and inspiring for our students.
